SUMMARY

I am .NET Developer who values responsibility, fast learning, and reliable execution. I work well in team environments, adapt quickly to new challenges, and stay focused on delivering clear, practical solution rather than overcomplicating problems. I am comfortable taking ownership of tasks, supporting products after release, and contributing through strong communication, discipline, and a results-oriented mindset.

PROFESSIONAL EXPERIENCE

SEPTEM FINTECH, .NET Developer 2026 – Present | Baku, Azerbaijan

- Develop and maintain backend services for fintech products using C#, ASP.NET Core, Entity Framework Core, and MS SQL Server.
- Build and support REST APIs for financial workflows, customer operations, and internal business processes.
- Implement and maintain complex third-party integrations, including payment gateways, SMS providers, and enterprise systems.
- Work with RabbitMQ to support event-driven communication and improve service decoupling.
- Contribute to deployment and delivery processes using CI/CD pipelines and Docker.
- Support frontend integration by implementing and maintaining API functionality used in Vue.js applications.
- Participate in the full software development lifecycle, including feature development, production support, bug fixing, and post-release troubleshooting in an Agile/Scrum environment.

SEPTEM TECH, .NET DEVELOPER

2024 – 2026

- Developed and maintained backend functionality for business applications in HR, fitness, and financial services domains.
- Built REST APIs and business logic using C#, ASP.NET Core, Entity Framework Core, and MS SQL Server.
- Worked on third-party integrations such as SMS services, scoring systems, and other external providers.
- Developed and maintained Telegram bots to support customer communication and operational workflows.
- Wrote and optimized SQL queries, improved data access logic, and supported production issue resolution.
- Implemented and supported selected frontend features and interfaces using Vue.js.
- Collaborated with cross-functional teams in an Agile/Scrum environment and contributed across the full development lifecycle, from implementation to post-release support.

EDUCATION

MASTER OF BUSINESS ADMINISTRATION (MBA), ORGANIZATION AND MANAGEMENT OF BUSINESS, Azerbaijan University of Architecture and Construction

2025 – Present | Baku, Azerbaijan

Bachelor Degree, Azerbaijan Technical University

2021 – 2025 | Baku, Azerbaijan

SKILLS

C#	Git
jQuery	MVC
API	Postman
No SQL (Mongo DB)	MS SQL
PostgreSQL	Docker
RabbitMQ	Vue.js
HTML5	CSS
JS	

LANGUAGES

- Azerbaijani
- Russian
- English

COURSES

ADVANCED FULL STACK DEVELOPMENT COURSE(MOSTLY DEDICATED ON ADVANCED BACK END DEVELOPMENT), Code Academy

2023 – 2024 | Baku, Azerbaijan

During this course, I studied technologies such as:

- C#
- .NET Core
- Entity Framework
- Fluent API, Validation
- HTML, CSS, JS
